We had an amazing time at this campsite! The owner was incredibly friendly and welcoming, making us feel right at home from the moment we arrived. The toilet facilities were spotless, which was a huge plus. The campsite itself was well-maintained, providing a perfect setting for a relaxing getaway. A highlight of our stay was the delicious durian – a true treat! We will definitely be coming back again. Highly recommend this place for a wonderful camping experience!

GLO DURIAN FARM is indeed one of the most beautiful and nature camping site that I've ever been. I was there for a 2-night camping. The toilets were as clean as five star hotel. According to the **owner**, they actually limit the amount of visitor to give more privacy to campers. I was surprised that I was able to view fire flies at night at some of the durian trees. Need not go to Kuala Selangor anymore and it's free of charge!! 🐞  
Last but not least, I like the mural painting very much!  
Thank you **owner** for the hospitality and I'll definitely come back again ❤️❤️❤️

You need to use Waze instead of Google map, or follow the directions by the **owner** to drive on Jalan Sekolah Cina. I didn't try their camping but I contacted the owner for a visit. The road was a bit bumpy and the owner gave me a warm reminder to drive carefully.

The owner was kind enough to show me around and it is such a beautiful scenery to see the area from the top of the hill. I could feel their passion of managing this vacation place. It was also nice to see different varieties of durian trees including musang king.

The owner reserved the D7 and musang king durians. The flesh was so thick and creamy. It came from the old tree so it had bitter taste.
