We had an amazing time at this campsite! The owner was incredibly friendly and welcoming, making us feel right at home from the moment we arrived. The toilet facilities were spotless, which was a huge plus. The campsite itself was well-maintained, providing a perfect setting for a relaxing getaway. A highlight of our stay was the delicious durian – a true treat! We will definitely be coming back again. Highly recommend this place for a wonderful camping experience!

It's really awesome... nice places to visit and explore...
Even this is my kids first camping, they enjoyed it so much, they able explore the durian farm, taste the Musang King and also collect the durian flowers!
Pretty **owner** good caring and hospitality... Simply superb..keep going...

Had a really fun time here, driving in was the start of the adventure. Then a walkabout around the farm with May and the best part after tat was eating the durians! Very hospitable and friendly people.

You need to use Waze instead of Google map, or follow the directions by the **owner** to drive on Jalan Sekolah Cina. I didn't try their camping but I contacted the owner for a visit. The road was a bit bumpy and the owner gave me a warm reminder to drive carefully.

The owner was kind enough to show me around and it is such a beautiful scenery to see the area from the top of the hill. I could feel their passion of managing this vacation place. It was also nice to see different varieties of durian trees including musang king.

The owner reserved the D7 and musang king durians. The flesh was so thick and creamy. It came from the old tree so it had bitter taste.

THE GLO DURIAN FARM

In 2020, our family took a leap of faith in the quiet hills of Bentong, Pahang. After years in the corporate world, we swapped suits for boots, spreadsheets for soil, and city life for the wide canopy of a durian orchard. This was more than a career change. It was a return to a long-held passion and a dream of building a new way of life.

We named our farm GLO, after our mother. It's our way of honoring her and showing our gratitude for her years of selfless love and care. Her nurturing spirit inspires everything we do and reminds us that the best things in life take patience, dedication, and heart, just like growing a durian tree from a small sapling to a fruit-bearing giant.

At first, our goal was to grow Malaysia's best durians like Musang King, Black Thorn, and D24. But the farm quickly became more than that. We noticed how much this place changed us, and we wanted to share it. In today's busy, connected world, we saw that people really want a chance to disconnect. They want to swap screen time for sunshine and enjoy the simple joy of being together.

That's how the GLO Experience began. We opened our farm to durian fans, tired city folks, and campers looking for adventure. We wanted to create a place where teams could bond without office distractions, families could make memories without screens, and anyone could enjoy the healing power of nature.

Today, GLO Durian Farm is more than a spot to try fresh, delicious durian. It's a sanctuary. You can camp here, fall asleep to the sounds of the forest, and wake up to mountain mist. It's also a private event space for celebrating life's milestones in nature. We promise you time away from screens, real connections, and a chance to just be.

Since we welcomed our first guests in 2023, almost 5,000 people from near and far have visited us. We've seen corporate teams come in stressed and leave laughing, with stronger bonds. We've watched children discover the outdoors, their faces glowing with a joy no app can match.

This is the GLO experience. It's a story of family, of passion, and of the simple, powerful idea that sometimes, the best way to move forward is to go back to our roots.

Come find your GLO. We're waiting to give you the best experience at our farm.
